

## The Integrated Technology Platform for Local Government

With more than 20 years of experience focused exclusively on local government, CivicPlus understands the challenges communities face today: The need to do more, with less. CivicPlus is THE integrated technology platform for local government.

We connect municipal employees and elected officials with the citizens they represent and serve with the simplicity, versatility, and power of our integrated portfolio of local government solutions.

Over 100,000 local government employees use our software solutions, which are interacted with by more than 250 million citizens in the United States, Canada, and Australia. Because of our 4,000+ clients, we understand the relationship between local government and citizens like no one else in the industry.

CivicPlus has been an [INC. 5000](#) fastest-growing company for the past nine years, and has made the [GovTech 100](#) list every year since its inception. Our integrated solutions include [website design and hosting](#), [mass and emergency notifications](#), [recreation management](#), [agenda and meeting management](#), [citizen request management](#), [employee management](#), and [low-code development solutions](#).
